These product rules form part of, and are deemed to be incorporated in, the Terms and Conditions applicable to Investec Cash Investments (“Terms and Conditions”). Words and expressions used in these product rules shall have the meaning ascribed to them in the Terms and Conditions. If there is any conflict between the Terms and Conditions and these product rules, these product rules will apply.

## Product description

The Investec Business Top5 is a 32-day notice deposit with an interest rate that approximates the average of the top 5 qualifying money market funds’ published rates, and provides a liquidity percentage of 20%.

## Definitions

“account balance” means the total capital invested in the account at any given time, and constitutes the balance on which interest is earned

“breakage costs” means all costs, losses, liabilities, damages, charges or expenses as determined by Investec together with an amount equal to any VAT (if applicable) and any other applicable taxes thereon which Investec incurs or suffers as a result of any early withdrawal from or closure of the account (including, but not limited to, the unwind, termination or modification, in whole or in part, of any funding or hedge position in relation thereto)

“Business Top5 rate” means an interest rate which approximates the performance of the average of the top 5 qualifying money market funds’ published rates

“encumbrance” means a hold placed on funds that have been reserved or have not yet cleared

“immediately available balance” means the funds that are available immediately in the account without you having to place notice, subject to notices placed and/or encumbrances. It is determined by the liquidity percentage, and is recalculated after each transaction, subject to any withdrawals already made within the applicable notice period

“juristic entities” means a body of persons, a corporation, a partnership or other legal entity

“liquidity percentage” means the percentage of the account balance used to calculate the maximum immediately available balance. This percentage is 20%

“notice balance” means funds that are available for notice to be placed (including the immediately available balance), subject to any encumbrances and/or notices placed

“notice due date” means the date on which a notice instruction matures and the credit to the settlement account is processed

“notice maturity date” means the end of the notice period and the date on which funds under notice become available

“notice period” means the agreed/committed term after giving notice withdrawal instructions for all, or a portion of, the funds to become available

“notice placed” means that there is a pending notice withdrawal instruction to withdraw either all, or a portion of, the account balance

“notice withdrawal instruction” means providing Investec with notice of your intent to withdraw funds

“settlement account” means the account into which all withdrawals will be paid

“variance limit” means a limit of no less than 0.25% above or below the average interest rate of all the qualifying money market funds

“volatility event” means an event where the observed interest rate within a fund on any given day is 0.25% above or below the funds own prior 10 day average rate where there has not been a commensurate interest rate change in the published South African interest rates

## General

The Investec Business Top5 combines the following benefits:

A competitive money market fund linked interest rate

Liquidity percentage – you have 20% instant access on cleared funds (32 days’ notice is required to withdraw amounts exceeding the liquidity percentage)

The liquidity percentage available is based on a 32-day cycle following your last withdrawal of the immediately available balance

## Interest rates

The interest rate applied to the Investec Business Top5 is tiered and is calculated on the account balance

The interest rate applicable to the Investec Business Top5 is money market linked and is calculated on the average of the top 5 performing money market funds selected from a basket of qualifying<sup>1</sup> money market funds, subject to the variance limit

ACCOUNT BALANCE	INTEREST EARNED (NACM)*
< R1 000 000	Business Top5 rate less 1.25%

\* All rates are quoted on a nominal annual compounded monthly basis

<sup>1</sup> Fund selection criteria are subject to change and the number of ranked funds may change from time to time. Investec accepts no responsibility for changes in the fund size or fund rankings

Interest accrues daily and can either be compounded monthly or transferred to a designated bank account. If interest is compounded, it is regarded as an additional deposit and will increase both the immediately available balance and the available notice balance

If interest is transferred to a designated bank account, it is done so on the first business day of the following month and is not regarded as an immediate withdrawal

Investec reserves the right to amend the fixed differential to the applicable calculated qualifying money market fund rate on your account with notice to you<sup>2</sup>

A money market fund may be excluded from the qualifying basket of funds, where the fund has been subject to a volatility event<sup>1</sup>

Below are the qualifying criteria that the Investec Business Top5 pricing is derived from:

- South African retail money market funds
- A fund size of R2 billion or more
- Less than 25% invested in Corporate Debt

## Deposits

Minimum initial deposit of R1 000 000

Additional deposits can be made at any time

Additional deposits will immediately increase the account balance, but may not necessarily increase the immediately available balance

The maximum balance for a Business Top 5 is R25 million

The aggregate balance of all your accounts which are linked to money market funds cannot exceed R50 million including any balances in the Money Fund Tracker. All deposits exceeding this limit, excluding capitalisation of compound interest, are restricted

## Withdrawals

The early withdrawal of funds in excess of the immediately available balance and/or the termination of the account, will only be allowed at Investec's sole discretion

There are two types of withdrawals which are allowed on the account and which are not considered early withdrawals:

- Immediate withdrawal: Withdrawals from the account without notice being required. Funds are withdrawn from the immediately available balance, if available
- Notice withdrawal: Withdrawal from the account after the 32-day notice period has passed

## Notice period

You can elect to have the funds transferred at a date later than the notice due date, subject to the rules relating to placing notice stated below

If the notice due date falls on a non-business day, the transaction will be processed on the next business day thereafter

If notice is placed on the full account balance and you are not closing the account, the funds will be transferred on the notice due date, excluding accrued interest and any deposits made after notice has been placed

Pending notices placed can be cancelled up to two days prior to the notice due date

Investec will not backdate transactions in the event that you didn't provide settlement account details and funds are settled to the Call Account on the notice due date

If you don't already have an Investec Call Account, one will be opened automatically at inception of the account, as each notice withdrawal instruction will require details of a same name settlement account. Should you not specify a different settlement account, funds withdrawn will automatically be transferred into your Investec Call Account and will earn interest at the prevailing Call Account rate

Multiple notices can be placed on the account to mature at different dates, subject to notice balances being available
