SUPPLEMENT IN RESPECT OF THE LISTING OF STRUCTURED PRODUCT NOTES

Section 1 - General

The Pricing Supplement relating to each issue of Listed Structured Product Notes (the “Notes”) will contain (without limitation) the following information as applicable in respect of such Notes. All references to numbered conditions are to the Terms and Conditions of the Notes as specified in the Amended Note and Warrant Programme dated 8 April 2024 and approved by the JSE (the “Programme Memorandum”) and words and expressions defined therein shall bear a corresponding meaning in this Pricing Supplement. In the event of any inconsistency between the terms of this Pricing Supplement and the Programme relating to the issue of the Notes, this Pricing Supplement shall prevail. This Pricing Supplement deals only with the specific type of Notes described herein.

The Pricing Supplement and Programme Memorandum are available only in the English language and may be obtained from the offices of the Issuer, the Sponsor and from the Investec Bank Limited website as follows: The Pricing Supplement is available at https://www.investec.com/en_za/investec-for-corporates/invest/structured-products/jse-listed-pricing-supplements.html and the Programme Memorandum is available at https://www.investec.com/en_za/intermediary-investing/structured-products/warrants-and-notes.html. The Issuer further confirms that any conditions or restrictions imposed by the South African Reserve Bank in respect of the listing of the notes have been, and shall be, adhered to by the Issuer.

The attention of potential investors is drawn to the fact that:

- (a) they should read this Pricing Supplement in conjunction with the Programme Memorandum; and**
- (b) potential investors of any Notes should ensure that they understand fully the nature of the Notes and the extent of their exposure to risks, and that they consider the suitability of the Notes as an investment only after careful consideration, with their own advisors, in light of their own circumstances, financial position and information set forth herein. Certain Notes involve a high degree of risk, including the risk of their expiring worthless. Potential investors should be prepared to sustain a total loss of their investment in the case of certain Notes. The obligations of the Issuer pursuant to the Terms and Conditions in relation to the Notes represent general, unsecured, unsubordinated, contractual obligations of the Issuer and rank *pari passu* in all respects with each other. Investors are reminded that the Notes constitute obligations of the Issuer only and of no other person. Therefore, potential investors should understand that they are relying solely on the credit worthiness of the Issuer.**

Amendment of the Terms and Conditions

The Issuer may with the consent of at least 75 per cent of those Holders, excluding the votes of the Issuer and its affiliates, who attend any meeting of Holders convened by the Issuer in the Republic of South Africa, and subject to approval by the JSE, amend or supplement or substitute any of the Terms and Conditions. For this purpose, each Holder shall be entitled to one vote for each one Note held by such Holder. Holders who have delivered an Exercise Notice shall, as regards the Notes exercised, not be entitled to attend or vote at any such meeting.

The Issuer and any affiliate of the Issuer which is a Holder shall, as regards such Notes, not be precluded from attending such meeting but shall not be entitled to vote. Any such amendment, supplementation or substitution shall take effect as determined by such meeting but no earlier than the Business Day immediately following the date of such meeting. If no such date is specified by the meeting, it shall take effect on the Business Day immediately following the date of such meeting. Any such amendment, supplementation or substitution shall not take effect as regards Notes in respect of which an Exercise Notice has been delivered.

Credit Linked Conditions

If any terms related to the credit linked conditions is not defined herein or any process mentioned or implied is not specified or described, such term or process will as a fall-back be governed by the relevant definition or process detailed in the 2014 ISDA Credit Derivatives Definitions published by ISDA on its website, (www.isda.org) or any successor website, from time to time and as may be amended from time to time. To the extent that any of the above ISDA definitions or procedures contains terms that are inconsistent with Programme Memorandum or the Pricing Supplement, the Calculation Agent shall be entitled to adjust such terms to the extent necessary to resolve the inconsistency in a practical manner.

Taxation

Purchasing, selling and holding Notes may have tax consequences for Holders, including the possibility of income tax being payable on profits from trading Notes.

Purchasers of Notes (including those purchasing after their issue and those holding Notes upon Exercise) may be required to pay stamp taxes (including securities transfer tax, if applicable, in accordance with the laws and practices of the Republic of South Africa) and other charges in addition to the issue price of each Note.

Potential purchasers of Notes who are in any doubt about their tax position on purchase, ownership, transfer, exercise or non-exercise of any Note should consult their own tax advisors.

Other

The Issuer expressly confirms that Notes issued hereunder are not intended to be a money lending arrangement that carries interest. It is further confirmed that the Issuer does not guarantee the return of the Initial Investment Amount. The amount payable by the Issuer to the Holder on the applicable settlement or redemption date is not the Initial Investment Amount plus interest thereon, but rather an amount determined according to, amongst other things, (i) the performance or movement of the selected index over the term of the Notes, subject to any minimum index level provided by the Issuer and (ii) the compliance by the Reference Entity of its obligations under the Obligations. Where a minimum index level is provided by the Issuer then the amount payable by the Issuer to the Holder on the applicable settlement or redemption date shall be calculated with reference to such minimum level provided and not the actual level for the selected index on the applicable settlement or redemption date.

In the event of the Issuer providing for a cash payment where any one or more Holders fail to exercise their rights under the Notes prior to the Expiry Date, a statement that payment will be made through Strate on the Cash Settlement Date will be issued.

In this Supplement Investec Bank Limited (the "Issuer") sets out the salient terms in respect of the listing of the Notes in respect of the following:

Market Adjustment Events:

1. Calculation by Successor:

If on or prior to the Expiry Date an Index in the Index Basket ceases to be published by the Related Exchange (or any successor thereto) but is published by any successor to such person the Index so calculated shall become the applicable Index.

2. Substitute Index:

If on or prior to the Expiry Date:

- a) an Index in the Index Basket ceases to be published by the Related Exchange (or any successor); or
- b) the Related Exchange (or any successor) makes any material change to the formula for or the method of calculating an Index in the Basket in a way that materially modifies such Index (other than a modification prescribed in that formula or method to maintain such Index in the event of changes to the constituent shares and capitalisation or other routine event),

then, subject to JSE approval,

- a) where another Index is or commences to be published which in the opinion of the Calculation Agent is substantially equivalent to the original Index, the Issuer

may substitute that other Index for the applicable Index; or

- b) where the Issuer does not make the substitution referred to in paragraph (a), Calculation Agent Determination shall apply.

Calculation Agent Determination:

means that the Calculation Agent will determine the Index Level (or a method for determining an Index Level), taking into consideration the latest available quotation for each Index and any other information in good faith it deems relevant, subject to the approval of the JSE.

Effect of Market Disruption Events:

If, in the opinion of the Calculation Agent, a Market Disruption Event (as defined above) has occurred and is continuing on any Valuation Date, the Index Level for that Valuation Date will be determined by the Calculation Agent in accordance with the provision set out above. For the avoidance of doubt, the provisions of clause 14 of the Terms and Conditions shall not apply to this Pricing Supplement.

Following the declaration of the terms of any Market Disruption Event, the Calculation Agent will determine whether such Market Disruption Event has an effect on the theoretical value of the Note and, if so, will, subject to approval of the JSE:

- (i) make the corresponding adjustment, if any, to Cover Ratio, the Index Level (initial or final) or Cash Settlement Amount, or any of the terms of these Conditions as the Calculation Agent determines appropriate; and
- (ii) determine the effective date of that adjustment; or
- (iii) cancel the Notes by giving notice to Holders. If the Notes are so cancelled the Calculation Agent shall pay an amount to each Holder in respect of each Note held by him which amount shall be the fair market value of a Note taking into account the Market Disruption Event, less the cost to the Issuer of unwinding any underlying related hedging arrangements, all as determined by the Calculation Agent in its opinion. Payments will be made in such manner as shall be notified to the Holders.

The Calculation Agent may, but need not, determine the appropriate adjustment by reference to the adjustment in respect of such Market Disruption Event made by an options exchange to options on the Index traded on that options exchange.

Notice of Adjustment:

Upon the occurrence of any such adjustment, the Calculation Agent shall give notice as soon as practicable to the Holders setting out the adjustment of the Conditions and giving brief details of the Market Disruption Event.

Effect of Market Disruption Events on the Rights of the Note Holders:

Save to the extent that the Calculation Agent has adjusted the Cover Ratio, Index Level (initial or final), Cash Settlement Amount or the Conditions in accordance with the provisions of this Supplement, the rights as conferred upon the Note Holders in terms of any specific Note shall remain unaffected, subject to the provisions hereunder.

To the extent that the Calculation Agent determines that the appropriate adjustment upon the occurrence of a Market Disruption, as the case be, in accordance with the provisions of this Supplement shall be the cancellation of the Note, such Note shall automatically lapse and cease to confer any rights on the Holder as at the time the Issuer notifies the Holders of such cancellation.

Exchange Control:

The following guidelines are not a comprehensive statement of the South African Exchange Control Regulations (“the Regulations”), they are merely reflective of the Issuer’s understanding of the Regulations and appear only for purposes of information. Holders, who have any doubt as to the action they should take, should consult their professional advisers.

- a. The full nominal or notional exposure in respect of these Notes must be marked off against the Holder’s foreign portfolio allowance;
- b. All settlements shall take place in the Republic of South Africa, in Rand;
- c. Emigrants from the Common Monetary Area shall not be entitled to utilise “blocked Rand” in order to subscribe for the Notes.

Verification of the Holder:

The Holder hereby authorises the Issuer’s CSDP and/or Sponsor to do all things necessary in order to facilitate verification of the identity of the Holder of a Note including, but not limited to, supplying the Holder’s Identification Number.

Exchange:

JSE Limited, a company duly registered and incorporated with limited liability under the company laws of the Republic of South Africa under registration number 2005/022939/06, licensed as an exchange under the Financial Markets Act, 2012.

Certificates:

As the Notes have been dematerialised, settlement will be effected electronically through the Strate system of the JSE and accordingly, certificates evidencing the Notes will not be issued to Holders.

Regulations:	The trading and settlement of the Note issue will be subject to the JSE and Strate regulations.
