Audit trail enhancement

23026

Key Details:

- **Audit trail duration:** You can now generate an audit trail for a period of up to 13 months on the old platform. This enhancement allows for easier tracking of your activity and transactions within this timeframe.
- **Accessing extended periods:** For audit trails extending beyond 13 months, we recommend transitioning to our new platform, which offers enhanced capabilities and a more comprehensive view of your historical data.

We encourage you to explore the new platform for a more robust experience, and our support team is available to assist you with any questions or guidance you may need during this transition.

For any queries, please contact your Investec for Intermediaries consultant or our CCM [Inland](#) or [Coastal](#) Servicing teams.
