

# Private banking *designed around you*

## A private bank is about more than just an account.

It's about a bank that understands your unique circumstances. As a long-standing corporate client of Investec, we appreciate the impact your professional life can have on your private finances. Our connected approach to business and personal banking offers you the seamless experience you deserve.

We've designed our private bank around the needs of people like yourself. Those who have built up a substantial asset base, may have multiple income streams and are short on time. Our existing relationship with you means we can ensure your entire financial picture is taken into account, offering a personalised service at the pace you require.

## Experience a different kind of private bank.

### A private bank built around your needs

We offer a personalised service from the moment you open your private bank account with us. As a valued client, we go the extra mile to ensure that your private banker is fully briefed to deliver an exceptional experience.

### Accessible expertise

Seamless access to our specialist and sector experts – your private banker can speak to the right people without delay.

### Personally invested in your finances

Client relationships are at the heart of what we do. It's why we come to work. This is a people business. Each private banker has

a manageable number of high-net-worth clients to ensure we can offer and maintain the level of service you'd expect.

### Clear and decisive

No-one likes to wait, so we don't make you. You can rely on fast lending decisions and prompt support when you need it.

### Long-term commitment to your success

We know what you need today will change and evolve, as your personal and business life changes and evolves. We ensure we offer tailored and proactive support throughout.
